Special Message to Associate Degree Students

Students receiving an AA/AS degree from a NJ community college will receive “full faith in credit” under the Lampitt Bill/Comprehensive Transfer Agreement (AAS and AFA degrees do not fall under the Lampitt Bill). TCNJ will accept the entire degree up to our credit maximum of 16 (64 credits) units and the student will enter TCNJ with junior standing. Junior standing at TCNJ is 16 units (64 credits).

**What you have fulfilled with an AA/AS:**
Students will have satisfied all liberal learning (general education) requirements at the College, including second language requirements. *Students must submit a final transcript noting the completion and awarding of the associates degree to see a change in their academic requirements.*

**What you need to fulfill at TCNJ:**
Students will be required to take all major requirements, prerequisites and courses required for certification and licensure.
