

TCNJ Office of Records and Registration
Special Message to Associate's Degree Students

The **Lampitt Bill** states that an AA or AS degree from a New Jersey community college will be fully transferable as the first two years of a baccalaureate degree program at a New Jersey public four-year institution. Most students will enter the senior institution with junior standing. Please note that at The College of New Jersey you must have a minimum of 16 units (64 credits) to have junior standing. Associate degrees can range from 60 to 68 credits.

As an associate's degree student, you will not be required to take any Liberal Learning courses, including the Civic Responsibilities, First Seminar Program, and the Second Language requirement. You may be required to take additional courses in your program to satisfy pre-requisites or professional certification requirements.

Students must submit a final transcript with the degree posting to the Office of Records and Registration. Copies of the diploma will not be accepted.
